

Stretch Your Skills with Photo Assignments

Ole'!

Fall 2026 – Tuesday Section

Week 1: 3 PM

Purpose of the Class

Strengthen and expand your
photography skills through assignment
photography

I want to push your creative process and expand your visual thinking.

This is an experiential learning experience.

We will have an open discussion on the images and possible ways to improve on them.

The Mechanics

- You will get two emails each week
 - Wednesday with the assignment for the week
 - Sunday reminder to upload your image
- The assignments, upload links, and class slides will all be on the website:
<https://qfam.org/PhotoAssign/>
- Once the assignment is given, YOU go out and take an image that meets the assignment and upload it
- I assemble a powerpoint presentation each week (for each section)
- We discuss the images in class
- I post the week's powerpoint slides on the class website on Wednesday afternoon

Equipment

- The best camera you have at any point in time is the one in your hand.
- Every camera has its limitations.
- You can compose great shots with any camera.
- For certain types of shots, you may need specialized equipment such as tripods, filters, or lenses.

Post Processing

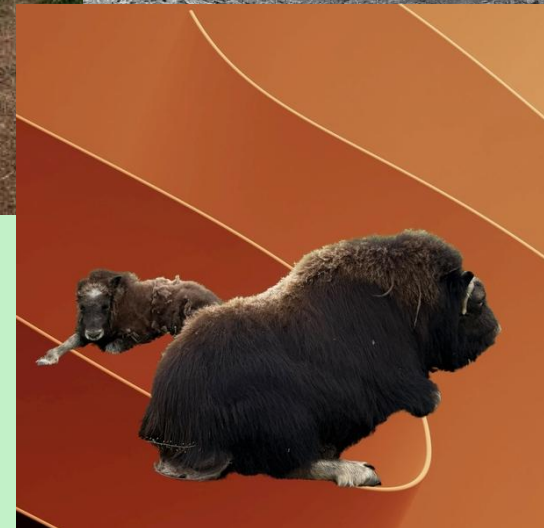

- Almost every digital device has some kind of photo editing capabilities
- There are lots of free apps in addition to the expensive ones
- Even minor photo editing efforts can dramatically enhance your image
 - Cropping
 - Color adjustment
 - Creative filters
 - And more...

Assignment #1: 3 PM

- Our first challenge of the term is to take two interesting images from where you are at 3 PM your local time. The images may be taken on separate days. The subject matter is wide open. Selfies may be included if they make the project more interesting.
- *As an extra challenge, present one or both of your images as Black & White.*
- The pictures must be taken the week leading up to today.
- Go to <https://qfam.org/PhotoAssign/> for more details and the upload links.

Threes

Two opportunities...

- **Ole' Photography Shared Interest Group**

(<https://qfam.org/OlePhotoSIG/index.htm>)

- Meets 2nd Monday of each month on Zoom to listen to speakers and share ideas.
- Has a closed Facebook group used to share and discuss images.
- Has an inhouse annual photography competition with selected images being shown at Jitter's coffee house in Eagle River during the month of December.

(<https://qfam.org/OlePhotoSIG/PhotoContest/index.htm>)

- **Alaska Photo Chat**

(<https://qfam.org/PhotoChat/>)

- An informal photography discussion group that meets once a week (Tuesdays, most of the time).
- The group grew out of the Ole Photo SIG but is not limited to Photo SIG members.
- A great place to raise your photography questions and get some answers.
- The website has records of a few tutorial sessions that the group has done.

Assignment #2: Threes

- The rule of three in photography involves arranging subjects or elements in groups of three to create more balanced, dynamic, and engaging compositions compared to even numbers. This compositional technique, often used for, but distinct from, the rule of thirds, adds a natural flow and avoids static, centered, or split-scene images.
- The pictures must be taken between now and Sunday (10/4)
- Visit <https://qfam.org/PhotoAssign/> for how to upload the images
- Images due Sunday 4 October (or earlier!)
